No. 2002/0198941) does not teach or suggest in detail controlling Internet navigation of the second computer based upon Internet navigation of the first computer, wherein the first script and the first control and the second script and the second control are independent from Web pages that are displayed on the first on the first computer and the second computer in combination with all the elements of the independent claims as argued by Applicants. So as indicated by the above statements, Applicants' arguments have been consider persuasive, in light of the claims limitations.
